

LABCOLD™

medical & scientific refrigeration

RAFR05204 Advanced Under Counter Freezer

Robustly constructed with a stainless Steel exterior this freezer from the **Labcold** Advanced range is designed to provide close temperature control for temperature sensitive products .

Insulated with Polyurethane Water Base Insulation the refrigerant is also ammonia, HCFC and CFC free and uses a GWP friendly refrigerant.

Fitted with a sturdy door lock, this Advanced freezer is ideal for demanding environments such as busy laboratories and features a manual defrost putting you in control.

Remote alarm contacts and an access port are also fitted as standard.

*Parts only warranty outside of the UK
