(→ Features

- Designed to help sustain our planet
- Committed to achieving Net Zero
- Featuring Unigloves NitreGrip Technology
- Certified to OEKO-TEX® STANDARD 100
- 15 gauge sustainable seamless liner
- RCS (Recycled Claim Standard) Accredited
- Sandy nitrile palm coating
- Touch screen compatible
- · Contact heat resistant

⇔ Benefits

- Nitrex 285RP sustainable seamless liners are designed with 54% recycled polyester yarn* reducing our carbon footprint by 15.4g CO_2 equivalent / pair** The finished good uses plastic-free inner packaging
- Through Ecologi, we neutralise any emissions we cannot avoid related to this product, by funding projects that remove carbon directly from the atmosphere
- Unigloves NitreGrip Technology is a new, advanced surface treatment that provides an assured grip when working in dry, wet or oily conditions. The technology reduces the force needed to grip, reducing hand fatigue
- Independently certified by OEKO-TEX®, tested for harmful
- · Ultralight duty liner offers excellent dexterity and flexibility to reduce hand fatigue
- The RCS is associated with products containing recycled
- The sandy nitrile coating is resistant to oils and grease acting as a physical barrier. In addition, the sandy nitrile gives exceptional grip in dry, wet and oily environments
- The product allows use of touch screens without having to remove the gloves and put hands at risk of injury
- Contact heat resistant to temperatures up to 100°C
- * based on size 10
- ** versus virgin material
