

Material description: SODIUM SULPHIDE 9H₂O A.R.

CAS No: 1313-82-2

Supplied as: Product code Description
CHE4058 SODIUM SULPHIDE 9H₂O A.R. 25g.

Specification

Parameter	Units	Minimum value	Maximum value	Typical value	Notes
Assay	%	98			

Revision date: 24/06/2021

Issue date: 17/09/2024

Specification correct at time of issue but is subject to change without notice. It is the users responsibility to verify the material is suitable for the required application.
